

Dear Residency Program Director,

Thank you so much for sending your wonderful applicant(s) to our University of California San Diego (UCSD) Child and Adolescent Psychiatry Fellowship Program this year! We definitely value your partnership and collaboration, and please let us know how we can support you, your program, and your department, now and in the future.

Our program does require this additional Report of Performance form to be filled out by the applicant's Program Director, or Associate Program Director if the Program Director is unavailable. We apologize for the inconvenience this may cause and have tried to streamline the process so that you can use the Adobe "fill and sign" function without having to print and scan it. For those who are less familiar with Adobe, written responses to the questions below can be emailed in place of the form. A digital signature will also suffice, so long as the document is clearly sent by the Residency Program Director or Associate Program Director.

This form is required in order for the application to be considered complete, and thus we will be unable to issue an interview to the applicant(s) from your institution until we receive and review it as a part of their file. It should take no longer than 5-10 minutes of your time.

Please send this form <u>directly</u> and <u>confidentially</u> to <u>Sabina Perez</u>, Program Coordinator for the UCSD Child and Adolescent Psychiatry Fellowship Program (<u>sperez@rchsd.org</u>). <u>Forms sent</u> <u>directly by the applicant(s) themselves will not be accepted</u>.

Please feel free to direct any inquiries to Ms. Perez or myself (<u>ssidhu@rchsd.org</u>). My cell phone is also listed in the signature line below, and please feel free to text or call me at any time.

Thank you so much for your time!

Shawn Singh Sidhu, M.D., DFAPA, DFAACAP

-Professor, University of California San Diego (UCSD) School of Medicine

-Program Director, UCSD Child and Adolescent Psychiatry Fellowship Program

-Cell: 937-243-8398
